Protection Film - Automotive Series

Product Description

Transparent wheel rim protection film for long-term outdoor exposure

Product Features

A perfect solution for the protection of sensitive surfaces during transportation. The transparency makes damages easily recognisable. Due to the good UV resistance, the film can remain on the surface until the arrival at the end customer.

- Good adhesion to painted and chromed finishes
- Reliable bonding during vehicle transportation
- Offer cost savings due to reduction in rectification and final repair
- Excellent outdoor resistance for more than 8 months
- Effective prevention against brake disk corrosion - particularly after storage at maritime environments
- Reduction of damages caused by vehicle fixation during sea shipment
- Easy to apply. Ensuring simple, low cost application and removal processes
- No polishing after de-masking
- Easy disposal. Both, the film and the adhesive system are environmentally friendly
